EVENTS BROCHURE

/ The world of Information technology is vast, diverse and ever changing, with a near limitless scope of opportunity. In such a field, challenges are at every corner. Does the idea of challenging yourself, pushing beyond your boundaries, and testing your skill sets, energize you? Does pitting yourself against many others like you, excite you? If so.. Welcome, to Syntaxia 2024, your platform to showcase your skills and talents, an IT fest hosted by the School of Information technology, SJU, Enclosed here are the events hosted under Syntaxia '24. Please make sure to read the event rules and regulations before registering, and we're looking forward to seeing you on the stage! */*

RULES AND REGULATIONS

- Please check the event schedule at the end of the brochure before registering for the events
- Participants must have a valid ID card of their institute in order to enter the campus/ register for events.
- Participants must maintain the decorum of the university. Disciplinary action will be taken against those who create issues inside college grounds.
- Participants must be respectful towards all volunteers, professors and other members of the university as well as other participants. Harassment, discrimination, or cheating of any kind is not tolerated and action will be taken against those found guilty
- Any student pursuing a postgraduate or undergraduate degree in any field can participate.
- Participants are requested to register beforehand.
- Participating teams/participants may lodge objections on technical matters within 30 minutes of the completion of the event.
- Participants are requested to be present for the inauguration of the fest.
- Participants are requested to be present at the venue of their events 15 minutes before the event starts. If eliminated, participants are welcome to participate in other events, keeping the time constraints in mind.
- Participants can participate in more than one event simultaneously, given that they manage their event schedule accordingly.
